

Hestan GIML15 Outdoor Ice Machine

Premium 15-inch outdoor ice machine for outdoor kitchens, patios, luxury home bars, entertainment spaces, poolside service areas, and residential beverage setups.

Model	Ice Type	Daily Output	Storage	Application
Hestan GIML15	Top Hat Style Ice	Up to 55 lb/day	Up to 22 lb	Outdoor residential beverage service

Product Overview

The Hestan GIML15 Outdoor Ice Machine is made for premium outdoor kitchens and entertainment spaces that need reliable ice production with a refined built-in look. Its 15-inch stainless steel body fits neatly into outdoor kitchen islands, patio bars, and luxury beverage stations where performance and appearance both matter.

Producing up to 55 lb. of ice per day with 22 lb. of storage, this unit helps keep drinks ready during outdoor meals, poolside service, parties, and everyday refreshment. The top hat style ice gives beverages a polished presentation, making it especially suitable for cocktails, mixed drinks, spirits, and upscale entertaining.

Its stainless steel construction provides long-term durability, while the UL outdoor listing makes it suitable for outdoor kitchen installations. The air-cooled, self-contained storage bin helps simplify setup, and the easily disassembled water circuit supports easier cleaning. For homeowners building a high-end outdoor beverage area, the Hestan GIML15 offers a premium balance of design, capacity, and ice quality.

Best For

Outdoor kitchens, patios, luxury home bars, entertainment spaces, poolside service areas, and premium residential beverage setups.
